

## 3DP Unlimited to Become 3D Platform

*Company Increases Investment in Global Expansion and Distribution Network*

**Roscoe, IL – September 23, 2015** – 3DP Unlimited, a leading manufacturer of large-format, industrial-class 3D printers, will become 3D Platform (3DP) [www.3DPlatform.com](http://www.3DPlatform.com) effective immediately. In a briefing announcing the new company name, 3DP’s management team updated industry partners on the company’s next phase of investment and growth strategy.

**Increasing Investment:** 3DP is increasing its investment to create additional manufacturing capabilities, expand its global reach, increase its industry partnerships, and hire additional business development personnel to broaden its global channel sales, service, and support coverage. “We are pleased with 3DP’s early performance in the growing large-format market and are now increasing our investment in the next-generation of technology, products, partners and people,” said Robert Schroeder, CEO of 3DP.

**Expanding Distribution Network:** 3DP has been rapidly expanding its global reach by developing its reseller network through units sold, and establishing relationships worldwide including in Algeria, Argentina, Australia, Austria, Azerbaijan, Baltics, Bangladesh, Belgium, Bolivia, Canada, China, Columbia, Czech Republic, Denmark, Ethiopia, France, Germany, Hungary, India, , Indonesia, Israel, Italy, Japan, Kazakhstan, Malaysia, Mexico, Netherlands, New Zealand, Norway, Poland, Portugal, Russia, South Africa, Spain, Sweden, Thailand, Turkey, United Kingdom, and the United States.

“3DP has had a tremendous response from global distribution channels and our team has been actively developing a robust reseller network, which we are increasing our investments in through targeted training, support, and service programs,” Schroeder continued.

**Accelerating Vertical Industry Adoption:** As a lead supporter of open-market technologies utilized for production, prototype, and design applications, 3DP and its partners have invested in applications which cater to a wide-range of industries, including manufacturing, industrial equipment, aerospace, architecture, construction, retail, furniture, apparel and education. Through its Platform Leasing Program, the company is making it easier for any organization to secure their 3DP equipment at a low monthly cost.
